Sarantis Group still embraces the Ukrainian people through offered humanitarian aid

The Group's concern is the protection of its employees in Ukraine while further strengthening humanitarian aid channels for the war victims

As the war in Ukraine still rages on, at Sarantis Group we still stand with all those that are suffering, including our employees and their families in Ukraine. All this time we have made our efforts across our countries to support all those in need facing this unprecedented tragedy, to ensure the protection of our employees, their safe departure from the country but also to offer relocation assistance and employment in their new reality, especially to those who made it to the Polish borders. We continue to take steps to support the safety of our employees, while maintaining regular communication with them.

With the active support of our subsidiaries in Poland, Sarantis Polska and Polipak, but also with the action of Sarantis Romania, humanitarian aid has been mobilized at a Group level in Poland and Romania to the Ukrainian people affected by the scourge of war. Specifically, medicines were transported directly to Ukrainian hospitals while clothes & food supplies were transported at the Polish borders through the Polish Red Cross to further support the upcoming refugees. The Group has already joined an effort, of the Polish corporate community to financially support Ukrainians, amounting to more than 64,000 euros and has donated Sarantis Group products to those displaced and in need amounting to more than 160,000 euros.

At Sarantis Group we stand by all those who suffer, including our employees and their families in Ukraine. All this time in the countries of our activity we are actively supporting all those who face this unprecedented war.
